

EPI-STEM The National Centre for STEM Education, School of Education, University of Limerick invites you to the following RESEARCH NETWORKING CONFERENCE 2025:

**THE FUTURE DIRECTION OF
MATHEMATICS EDUCATION RESEARCH IN IRELAND:
*What to tackle it, Who to tackle it with, & How to Fund the Research?***

TUESDAY, 18th MARCH 2025 from 11am to 4pm, Room A1064

With

KEYNOTE SPEAKER: ADJUNCT PROFESSOR MERRILYN GOOS

School of Education and Tertiary Access, University of Sunshine Coast Australia, Adjunct Professor of Mathematics Education, EPI-STEM, University of Limerick and President of ICMI

As researchers in the field of mathematics education, based in EPI-STEM The National Centre for STEM Education, at the School of Education, University of Limerick, we want to invite you to our research centre at the date, time and location above for a national research conference in 2025. We will host a networking research conference that will have an in-built brainstorming and sharing opportunity for discussion on the future direction of mathematics education research in Ireland. The purpose of the event will be to anticipate and identify key research directions for mathematics education into the future and to establish productive national and/or international partnerships that can successfully bid for funding opportunities as they arise. In addition to the key note address from the President of ICMI we will host a number of talks on the day from academics involved with research funding in a bid to identify funding sources for research projects in mathematics education.

RSVP to Helen.Fitzgerald@ul.ie. We will forward a formal invite, the agenda and other details nearer the date.
